

2023-2025

MCLEAN COUNTY

Community Health Improvement Plan

SUMMARY REPORT

OSF HEALTHCARE
St. Joseph
Medical Center

together **WE** are better

OVERVIEW OF THE MCLEAN COUNTY COMMUNITY HEALTH NEEDS ASSESSMENT & COMMUNITY HEALTH IMPROVEMENT PLAN PROCESS

Step 1

Administered a community health survey to seek input from McLean County residents.

- Offered online in English and Spanish
- Paper copies distributed to organizations working with the underserved population

Step 2

Conducted the 2022 McLean County Community Health Needs Assessment (CHNA) and prioritization process with input from the McLean County Community Health Council (MCCHC).

64 members from over 43 organizations from 11 sectors

Three health priorities were selected by the MCCHC

● Access to care ● Behavioral health ● Healthy eating/active living

Step 5

Developed the 2023 – 2025 McLean County Community Health Improvement Plan (CHIP) with substantial input from the priority action teams.

- Included strategies, interventions, related social determinants of health, resources and partners and impact and outcome objectives
- Posted the CHIP on the website of the four organizations stated in step 3

Step 4

Met with the priority action teams consisting of key community stakeholders to determine the high-level goal for each health priority.

Step 3

Completed the 2022 McLean County CHNA and posted it on the websites of the four organizations who conducted the CHNA:

- Carle BroMenn Medical Center
- Chestnut Health Systems
- McLean County Health Department
- OSF St. Joseph Medical Center

Step 6

Implemented the CHIP over a three-year period.

Step 7

Completed annual progress reports for 2023, 2024 and a 3-year progress report & summary document.

Step 8

Began the cycle again for the 2025 CHNA and 2026 – 2028 CHIP

LOCAL FUNDING FOR LOCAL ORGANIZATIONS

In 2023 – 2025, \$1,317,244 of John M. Scott Health Care Commission grants were awarded to agencies for Category II grants which were tied to the health priorities outlined in the 2023 – 2025 McLean County CHIP.

BEHAVIORAL HEALTH STRATEGIES & HIGHLIGHTS

BEHAVIORAL HEALTH STRATEGIES

2023-2025 Community Health Improvement Plan

1

Support educational programs and media campaigns aimed at reducing behavioral health stigma, increasing mental health awareness and/or improving mental health status.

2

Support drug and alcohol educational programs and collaborative coalitions to increase knowledge and decrease substance use.

3

Increase access to behavioral health services at various sites within the community.

Every strategy helps build a healthier, stronger McLean County.

BEHAVIORAL HEALTH HIGHLIGHTS

2023-2025

9,630

9,630 students participated in Ending the Silence presentations.

Helps middle and high school aged youth learn about the warning signs of mental health conditions.

873

873 community members participated in Mental Health First Aid courses.

MHFAC
MENTAL HEALTH FIRST AID COLLABORATIVE

2,250

2,250 students received counseling services.

Clinicians are embedded in schools to increase access to mental health services for students.

568

A total of 568 individuals participated in the Behavioral Health Forums in 2023 & 2025.

8,422

8,422 students participated in Too Good for Drugs (A substance use prevention program).

1,755

Behavioral Health Urgent Care provided 1,755 services for 410 individuals.

38

Central Illinois Bridge Academy served approximately 38 students per year from 2023 to 2025.

ACCESS TO CARE STRATEGIES & HIGHLIGHTS

ACCESS TO CARE STRATEGIES

2023-2025 Community Health Improvement Plan

1

Support assertive linkage navigation/engagement programs which link lower-income community members with a medical home and insurance coverage.

2

Increase the capacity of organizations providing dental services to low-income residents of McLean County.

3

Increase service delivery models outside brick and mortar, face-to-face services, to increase access and availability of community-based services for low-income McLean County residents.

Every strategy helps build a healthier, stronger McLean County.

ACCESS TO CARE HIGHLIGHTS

2023-2025

50% REDUCTION IN USING THE ER AS A PRIMARY SOURCE OF CARE.

Emergency department reliance among “at-risk” (Medicaid) residents decreased **16% (2021) → 8% (2024)**.

CONNECTIONS TO A MEDICAL HOME TRIPLED

Patients connected to an ongoing medical home through mobile health clinics increased from **23 (2023) → 71 (2025)**.

x4 MOBILE HEALTH CLINICS EXPANDED

Mobile clinic service days increased dramatically **40 days (2023) → 169 days (2025)**.

Over **four times** more opportunities for residents to receive care in their communities.

Bringing care directly to residents

DENTAL WORKFORCE & DENTAL VISITS NEARLY DOUBLED

3,863 (2021) → 7,333 (2025)

Dental visits grew - providing thousands more uninsured and underserved residents with essential oral healthcare.

Dental providers serving low-income McLean County residents grew from **3.1 (2021) → 6.0 (2025)** nearly doubling local dental capacity.

VIRTUAL CARE REACHED RECORD USE

Telehealth visits grew **7,758 (2023) → 9,894 (2025)**.

Reduced transportation barriers

Increased continuity of care
